

Year 5 Maths Week 1 Fractions and decimals 45 – 60 minutes daily https://classroom.thenational.academy/units/fractions-and-decimals-be3a All maths work should be completed in their pupil work book. Worksheets are numbered by day and are available online or for collection from the school office. Work can be photographed and emailed for weekly feedback. Screenshots of the quiz results can also be emailed to review by staff.		Day 1	Day 2	Day 3	Day 4	Day 5
		Learning Objective		Lesson 1 What is a fraction LO: To draw, identify, name and write fractions	Lesson 2 Representing fractions LO: To represent, identify, name and write fractions	Lesson 3 Equivalent fractions LO: To identify, name and write equivalent fractions
Lesson Link		https://classroom.thenational.academy/lessons/what-is-a-fraction-70rkjc	https://classroom.thenational.academy/lessons/representing-fractions-cthked	https://classroom.thenational.academy/lessons/equivalent-fractions-cgt66c	https://classroom.thenational.academy/lessons/tenths-and-hundredths-6nj68c	
Lesson outline		You will explore the parts of a fraction and the different ways they can be used.	You will represent, identify, name and write fractions.	You will use different representations to identify equivalent fractions.	You will identify, name and write equivalent tenths and hundredths.	
Extra Notes		For this lesson you will need to cut and stick the matching representations together. Complete the exit quiz.	For this lesson you can shade in the appropriate boxes using a pencil or you do not have crayons. Complete the intro and exit quiz.	For this lesson have a go at drawing the counters to present the fractions using different methods. Complete the intro and exit quiz.	For this lesson you will have to shade in the appropriate amount for the equivalent fractions. Complete the intro and exit quiz.
